After your referral

After your referral is accepted, a clinician will contact you to arrange an appointment. We welcome and encourage the involvement and participation of your family / or other important people to appointments.

If English is your second language we can arrange an interpreter, please let us know before your first appointment.

Māori or Pacific Island cultural support is available to attend appointments with you.

Your Rights

When you use health services you are protected by a number of rights. These are explained in full in ‘The Code of Health & Disability Services Consumers’ Rights’ which applies to all health services and disability support services in New Zealand. These rights include:

- Respect and Privacy
- Fair treatment
- Dignity and independence
- Appropriate Standards
- Effective Communication
- Information
- Choice and Consent
- Support
- Rights during teaching and Research
- To have your complaints taken seriously

If you feel we have not respected your rights you may take your concern or complaint to the Team Manager or Service Manager or make a complaint to:

The Health & Disability Commissioner
Telephone 09 373 1060 or 0800 11 22 33

Eligibility

- Children and young people experiencing significant behavioural/psychological problems and emotional distress which cannot be managed within local community resources.
- Live most of the week in Counties Manukau area, including staying at boarding school
- New Zealand resident. (Some non-New Zealand residents are eligible for publicly funded healthcare.)

What we do

Our core services include:

- Infant Mental Health Whakatupu Ora (children under the age of 4 years) and Maternal Mental Health.
- Child & Youth Mental Health (up to age of 18 years)
- Early Psychosis Intervention Team (EPIT) (16-30 year of age)

We see clients on site as well as at a number of satellite clinics, at schools, community venues and at home.

Next steps

After the assessment you/your child may be offered a range of treatments and/or interventions including:

- Family therapy
- Play therapy
- Therapeutic Story Telling Intervention (TSI)
- Individual therapy
- Cognitive Behaviour Therapy (CBT)
- Medication
- Family & Parenting Support Groups
- Dialectical Behaviour Therapy (DBT)
- Group Work (Dealing with Distress)
